

Hello Chamber Members,

The Fall Community Expo is around the corner (Sept 27<sup>th</sup>) and we want it to be just as fun as the Spring Expo. We have decided to have a Chamber Mini Golf Course at the event. In order to make this happen, we need your help! We are looking for 9 chamber businesses to build their own unique mini golf hole.

We will set up the mini golf course at the event and allow the children and adults to play. This is another great way to get exposure to your brand. The mini golf course will be outside.

Of course, we know there are costs associated with building a mini golf hole. For every business that commits to build one (1) mini golf hole we will give you a \$250 in-kind sponsorship\* that includes a free table (\$50 value) at the Expo.

The Fall Community Expo is September 27<sup>th</sup> at TRIAD High School from 5pm to 7:30pm. Vendors must stay the entire event.

The mini golf holes can be simple or complex. There are a lot of ideas on the internet (Pinterest) to get you started. See below for some examples.

\*\$250 Sponsorship includes social media promotion (TMSM and Highland Chambers), logo posted at the event, and logo on the mini golf scorecard.
