

Doug Iverson – Director of Membership Engagement & Development

Doug began his career at The Chamber Grand Forks / East Grand Forks in August 2024. He is responsible for building, maintaining, and engaging the membership that brings The Chamber to life. Additionally, Doug will coordinate many Chamber events, such as the Brown Bag Seminars and the crowd-favorite Business After Hours.

Doug is known mostly for his work as general manager at the Grand Forks Country Club where he built a strong membership and was dedicated to his members' enjoyment and utilization of the club.

Doug is originally from Devils Lake, ND, and graduated from Thompson High School before attending UND. He loves to read, drive his Camaro, and he enjoys a variety of hunting and fishing but says nothing beats the solitude of sitting in a deer blind all alone. Doug and his wife Mandy were married in 2010 and love their pets. They are avid followers of UND hockey and football and even enjoy getting to many away games and tournaments.
