

Century College is embarking on a year-long process to create its 2020-2025 Strategic Plan. We invite you to be a part of this process.

CENTURY COLLEGE NEEDS YOU TO HELP PLAN OUR FUTURE

A member of Minnesota State

Using a highly engaging and inclusive process - The Sanaghan Group's model for Collaborative Strategic Planning - Century has convened a team of over 40 staff, faculty, and administrators who will be collecting input from key stakeholders and combining these findings with the latest research in higher education to inform Century College's next 5-year strategic plan.

As our partners in industry and community, we are seeking your input.

Industry Partners Data Gathering Sessions

Century College will convene groups of 25-50 industry partners in high-demand and STEM-related fields to participate in one of several data gathering sessions that will inform Century's next 5-year strategic plan.

Industry partners may include:

- Accounting and Finance
- Automotive Technology
- Business and Marketing, Management
- Computer Science (programmers, developers, systems analysts)
- Criminal Justice/Law Enforcement
- Cybersecurity, Virtualization and Forensics
- Engineering
- Fire/EMS
- Green Energy
- HVAC
- ITT and Enterprise Computing
- Manufacturing

Other areas related to the above.

(Health-related field sessions led by Beth Hein, inquire for more details)

Industry professionals can participate in a 1.5 hour meeting on Century's campus where they can give their input on the economic needs and challenges the region will face in the next 5-10 years, and how Century can plan to help meet those needs.

Tentative meeting dates and times:

October 9th, 16th, and 18th: 7:30-9 am

Contact andrea.steen@century.edu for more information.
