**You're invited to an exclusive virtual briefing introducing the groundbreaking new course:
AP Career Kickstart: Business Principles/Personal Finance**

**Join national leaders for a first look at how this Advanced Placement (AP) course—
developed through a powerful partnership between the U.S. Chamber of Commerce and
the College Board—is preparing high school students for success in today's competitive
economy.**

Why Attend?

- **Millions of jobs remain unfilled due to a growing skills gap.**
- **High school students are graduating unprepared for financial decisions and business careers.**
- **This course addresses both—building real-world knowledge and job-ready skills in business and personal finance.**

What You'll Learn:

- **How your business can partner with this program**
- **Why this course matters for the future of workforce development**
- **Opportunities to shape tomorrow's talent pipeline**

This session is ideal for:

- **Business leaders invested in workforce development**
- **Employers seeking job-ready young talent**
- **Educators and policymakers championing financial literacy**
