Class located in  
Computer & Technology /  
Computer Basics

This course aims to familiarize you with computers and Microsoft Windows, while learning basic computer, mouse and keyboard skills in a supportive classroom environment.

By the end of this course you will be able to:

- Start up and shut down your computer
- Navigate the operating system and start applications
- Perform basic file management functions
- Use Microsoft Word and print documents
- Create an email account, then send and receive emails
- Use the web browser to navigate the internet.
