

Join us for a special event focused on supporting moms, children, and families in our community.

Mommy and Me Health Fair

We've partnered with local nonprofits and organizations like the Central Florida Postpartum Alliance to help support local families. Together, we're committed to helping families thrive with access to vital supplies, education, and community support.

At the event, **we'll be offering FREE diapers and baby supplies while supplies last**, and you can enter to win exciting prizes in our raffle!

Come learn more about the different resources available to you and your family, and connect with local organizations that can provide valuable support.

November 9, from 12 p.m. – 2 p.m.
