

AdventHealth Orlando Ranked No. 1 in metro; No. 2 in Florida

U.S. News & World Report ranked AdventHealth Orlando the No. 1 hospital in metro Orlando, and the No. 2 hospital in the entire state. And six of our specialties were ranked in the top 50 nationally. Additionally, AdventHealth Daytona Beach was named the No. 1 hospital in the Deltona-Daytona area.

We are so proud of our physicians, nurses and the entire team for their unparalleled and consistent commitment to clinical excellence. You can learn more and see how our teams celebrated [here](#).

New tool helps care teams, consumers

This week, after years of prepping and countless hours of training, our Central Florida division fully converted to Epic. Epic is an electronic medical record system that provides a seamless experience for patients by having a single chart, and it also has many benefits for clinicians and patient care. While most of this work has been behind-the-scenes, we hope our patients will soon see the benefits of this investment.

AdventHealth's 2021 community investment tops \$1 billion

A core part of our mission is extending Christ's healing ministry outside the walls of our hospitals. This week, we [released our annual Community Investment Report](#), which details our \$1.31 billion in spending to address the health care needs of Central Floridians.

This includes nearly \$110 million in charity care, \$318 million in coverage shortfalls, and \$21 million in cash and in-kind contributions to other organizations. We invite you to check out this quick [video](#) to learn more.

It's an honor to serve the Central Florida community, and we thank you for your partnership. Please feel free to contact the Government Advocacy team with any questions.
