

## Body Enhancement

*Your body is your temple and it takes work to keep it in its best shape. Sometimes diet and exercise just are not enough. At Paragon, we have technology to enhance your weight loss journey by melting fat, building muscle, stimulating lymphatic drainage, and building collagen. Allow us to be your entrusted partners to help you build the body of your dreams.*

## What's Offered!

### Vibration Plate Treatment

*Let's get your body in motion using vibration technology to improve muscles, increase metabolism, improve circulation, and reduce joint stress.*

### Body Sculpting Treatment

*You can spend hours in the gym, or you can spend 30 minutes on our device. The Sculpt XPro uses High Intensity Electromagnetic technology (HI-EMT) to stimulate muscle fibers and trigger supramaximal contractions for each treatment zone.*

### Cavitation Treatment

*This is a non-invasive treatment that uses ultrasound technology to dissolve fat cells. We then complete the treatment with vacuum radiofrequency to promote lymphatic drainage and reduce cellulite.*

### Radiofrequency Treatment

*This is a non-invasive treatment that uses heat to promote production of elastin and collagen. This treatment reduces flaccidity, tightens the skin, and reduces cellulite.*

### Office Location:

*1399 Galleria Drive  
Suite 110  
Henderson, NV  
89014*

### Hours of Operation:

*Monday-Friday  
8am-5pm\**

*We are closed between 12-1 pm  
for lunch*

### Disclaimer:

*Exclusions exist, and results may vary. Please call us today to schedule your personalized consultation to discover the treatment modality that is best for **you**.*
