TAX REFORM UPDATE

The **Tax Cuts and Jobs Act**, passed in late 2017, is the most significant tax reform the United States has seen for more than 30 years. The new tax law will have a large impact on both businesses and individuals, and **there may still be opportunities before the end of the year to reduce your tax liability.**

We invite you to join us for an informative seminar on how the TCJA may affect you and/or your business. Your family, peers, and members of your business are also welcome to join us. There is no cost to attend, but registration is much appreciated for food arrangements.

A hot breakfast and refreshments will be provided to all guests.
