

# Supporting Safe Communities: Narcan Training

Oct. 29, 2018  
12:00 - 1:00 p.m.

**Centerstone**  
1307 W. Main St.  
Marion, IL 62959  
SAS Conference RM

Narcan is a medication used to block the effects of opioids, specifically in the event of overdose. In this **free** training hosted by April Scales, Overdose Prevention Educator with the Egyptian Health Department and Centerstone's Angela Manns, RN, BSN, QMHP, attendees will:

- Learn the causes and contributing factors to an overdose
- Learn how to identify and respond to someone experiencing an overdose
- Learn how to properly administer Narcan to an individual experiencing an opioid overdose
- Gain information on Medication Assisted Treatment

Attendees will be eligible for one (1) CEU credit after completing this training. **The number of attendees is limited to 25 so please RSVP here: [surveymonkey.com/r/6ZMNYQC](https://surveymonkey.com/r/6ZMNYQC).** For more information, contact Jenna Farmer-Brackett at (618) 462-2331, ext.1785.

The training is supported in-full or in-part by a contract to EHD from the Illinois Department of Human Services, Division of Substance Use Prevention and Recovery, as part of the Illinois Opioid-State Targeted Response grant from the U.S. department of Health and Human Services, Substance Abuse and Mental Health Services Administration (SAMHSA).
