Axiom Bank Cardholders Now Have Free and Unlimited ATM Access at 7-Eleven Locations Throughout the U.S.

ATM participation and marketing relationship with FCTI, Inc. delivers surcharge-free account access for Axiom Bank cardholders at nearly 8,000 7-Eleven stores.

ORLANDO, Fla. (Sept. 14, 2018) – [Axiom Bank, N.A.](#), a Florida-based national bank, and FCTI, Inc. recently launched a multi-year agreement to provide Axiom customers with no-charge unlimited access to cash at 7,934 ATMs located inside 7-Eleven stores. This partnership also includes branded marketing messages to be shared on the machine’s screens and toppers.

“Expanding ATM access outside our branches and existing network allows our customers to take greater control over their money without paying fees,” said Daniel Davis, President and CEO of Axiom Bank. “Our partnership with FCTI also provides another platform to promote the Axiom Bank brand nationwide and introduce more customers to our banking model.”

“FCTI’s MBA program affords a unique opportunity for banks and credit unions to generate greater awareness of brand, products, and services – utilizing technologies not available at other ATMs,” said Robel Gugsu, CEO for FCTI, Inc. “We are very excited to be working with Axiom Bank to help provide their cardholders with surcharge-free ATM access nationwide at 7-Eleven, as well as extending their marketing toolbox with a package of flexible and dynamic options to better reach their ATM users.”
