

**DIGITAL  
ECONOMY  
PROGRAM**

# Earn A Remote Work Professional Certificate

Enroll now to expand your career opportunities

University of Idaho Extension's Digital Economy Program is partnering with **Utah State University Extension** to offer this training for Idaho residents who are interested in being a:

- remote worker
- online freelancer
- e-commerce entrepreneur

The four-week course consists of online modules delivered in a self-paced format with once weekly interactive virtual workshops. Take the next step in your career and sign up for the Remote Work Professional Certificate training today!

## Learn:

- What a typical work from home day looks like
- Communication skills unique to remote work
- Critical thinking and problem-solving tactics in a remote environment
- Tips on managing workflow, productivity and time management
- "Netiquette" and best practices for navigating teamwork remotely
- Virtual career options

For more information:

Discounted by the State of Idaho to as little as \$50 to participate for most Idaho residents. See our website for more details. Visit: [uidaho.edu/digital-economy](https://uidaho.edu/digital-economy)
