Camille Place is in the process of completing construction and will be a home for female minors rescued from human trafficking. An estimated 5,000 individuals are being trafficked through Alabama each MONTH alone. Camille Place, located in an undisclosed location in South Alabama, will be a much needed safe haven that provides refuge and restoration to these young girls.

Our soul has escaped as a bird out of the snare of the
trapper, The snare is broken and we have escaped.

Proverbs 27:8
